Senator the Hon. Penny Wong  
Minister for Finance and Deregulation  
Parliament House  
Canberra ACT 2601

Dear Minister

As you would appreciate, changes in the calculation of Commonwealth Government civilian and military superannuation scheme pensions are of particular concern to the constituents of the Australian Capital Territory and Eden-Monaro, as well as elsewhere in Australia.

We understand that the Department of Finance and Deregulation has costed indexation changes in Commonwealth Government civilian and military superannuation scheme pensions.

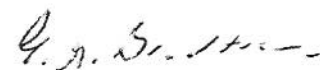

We write to respectfully request the release of Department of Finance and Deregulation costings for changes in the indexation arrangement for these schemes, including the process and methods for calculating the costs and any underlying assumptions made.

It would be appreciated if this matter could be progressed as soon as possible.

Yours sincerely

**MIKE KELLY**
